Description :

PDF-58a76 | Now in its second edition, Digital Contagions is the first book to offer a comprehensive and critical analysis of the culture and history of the computer virus. At a time when our networks arguably feel more insecure than ever, the book provides an overview of how our fears about networks are part of a more complex story of the development of digital culture. It writes a media archaeology of comput... *Digital Contagions: A Media Archaeology of Computer Viruses (Digital Formations)*
