Description :

PDF-de3e2 | The netsuke is a thing of wonder: a tiny utilitarian accessory to traditional Japanese dress that has become an art form in itself, prized by collectors from East to West. The V&A's collection of netsuke is world-famous, and this stunning book draws on its many highlights to explore the origins of netsuke and to trace the sources of these designs in prints, paintings, and woodblock-printed books... *Japanese Netsuke: (Updated Edition) (Far Eastern Series / Victoria and Albert Museum)*
