Description :

PDF-fa453 | Over the last 10 years there has been a huge growth in the area of materials and design, but most books on the subject deal with advanced, semi-formed materials (that is, materials sold as sheet, rod, tube, etc.). This new book provides much-needed information on the raw materials, and the 'low-down' on what these materials can be used for. The information provided in the book allows professional d... *Materials for Design*
