Description :

PDF-6ec9d | This is not a how-to book. It is a how-to-think-about-how-to book. In it I bombard you with images and metaphors with never a photograph or diagram in sight. Your mind's eye will create all the images in this text, and each mind is unique. Getting these, and other images, down on paper will provide you with fun, frustration, joy and despair. Like life.
