Description :

PDF-bbaa6 | Gyotaku is the traditional Japanese method of printing fish, a practice that dates back to the mid-1800s. Japanese fishermen used this method to document their great catches. Christopher Dewees' modern take on the art form blends his knowledge of fisheries and ecology to document the fascinating life histories of fish species. In one of his prints he shares the story of the truly transgender Sheep... *The printer's catch: An artist's guide to Pacific Coast edible marine life*
